## Mission Statement

The Ridge Dental Group was formed in 1997 to offer the highest quality of comprehensive care, in a state of the art environment where we listen first to our patients, then educate them on the different treatment options available. We are dedicated to patient comfort, satisfaction, through mutual respect.

## Personal

Born: September 16, 1966. Wife: Nathalie married June 20, 1992 with three children age 17, 13, 10. Live in Ridgewood, New Jersey for 16 years.

## **Skills**

I have attended more than 150 hours of continuing education/year. This year alone have more than 300 hours. I have acquired significant skills in implant surgery as well as implant restorations. I am proficient in one visit endodontics, perform orthodontics with clear correct clear aligners, I have treated kids of all ages for years. Non-surgical periodontal treatment modalities as well minor surgical procedures all performed in office. I am very proficient in all modalities of restorative dentistry as well as crown and fixed partial denture, and white composite restorations. Have achieved proficiency in all areas of cosmetic dentistry including porcelain veneers and composite bonding. Currently investigating purchase of Dental Laser and Cerec Cad Cam Dentistry. Have taken significant hours of continuing education and in office demonstration.
